

**PreFab**  
HOME WIRING™  
POWERED BY YII

## MEET THE FUTURE OF HOME WIRING

PreFab Home Wiring™, powered by Yazaki Innovations will revolutionize home electrical installation, unlocking new levels of **speed, savings and quality.**

### FEATURES

- Flexible configurations for many layouts.
- Custom installation templates and manuals supporting simplified mounting.
- Built for compliance with NFPA 70, FBRC and any state or local codes.

### KEY BENEFITS

- Improved profitability and reliability with substantial reduction in labor.
- Improved efficiency through simple, low-complexity installation process.
- Improved quality through world-class manufacturing and testing prior to shipping.
